Learning Never Exhausts the Mind

Message from "The President"

Today, as a key person of the school, I really find it Paramounting importance to hold and deliver my faith and believece for my children and my school.

Since the foundation of the school many achievers and successors have laid their efforts to upbring the scenarios of education. Same as they, I put forward my steps not only to upgrade but also to elevate the Standard and Excellency of this institute. With grace of 'GOD' my whole team in various field are concerned and consider important, to make my school reach at the pinnacles height.

I always wish to get interacted with everyone; from lower to higher sections and get their potentialities put in action. I always emphasize on a structured and good balancing between learning and leisure. A good direction, a clear conscience and reasonable success make my school environment joyful.

Considering the infrastructures, needs and influencing factors, I along with my co-supporters try to bring the modifications, so as to once agin pick up the heights and make everything soft going.

Our moral visions and insight always keep me going and developing every child through the system we manage. I whole heartedly always strengthen and firm the belief for which I am positioned and inculcate my best with efforts to get the best, out of better.

Message from Principal

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations"

Education is the manifestation of love and my most cherished possession. Education drives away ignorance and through illumination it emboldens the human to a righteous thought and action. It empowers the human and enlarges the horizon of their mind. It energizes a society and enables the human to earn their living with respect and praise. Our vision is to create well educated critical thinkers, problem anticipators and solvers, responsible and compassionate global citizens by preparing them to achieve the higher standards in education as well as their lives.

In order to accomplish our vision, we are prepared to take as much effort as possible for the betterment of the academic scenario in India. We believe that education is an effective medium of social transformation. We get encouragement, looking at bright and successful careers of our thousands of students, which subsequently benefit the society. We feel proud that we are part of such an excellent institute, which is shaping modern India.

Since its inception, Samithi Group Of School has endeavored to transcend learning beyond boundaries. We are devoted to set benchmarks in nurturing children to grow into strong, matured, kind and intelligent adults, who are original in their ideas and decisive in their actions.

Mahatma Gandhi rightly said "The best way to find yourself is to lose yourself in the service of others." Firmly believing in our core values of Courage, Compassion, Equality and Integrity we at SEM aim to nurture our students so that they are well equipped to face the competitive society with value-based knowledge and skills that have contributed towards the growth and vision in building global citizens and a conscientious humanity.

Keeping in mind that to teach is to touch a life forever, we believe in holistic education that encompasses academics, co-curricular activities, sports education and life-skills learning. The campus, sports and academic facilities all bear testimony to this belief. As we venture ahead and spread our wings in this spectacular region of value-based education our endeavor is to strike a balance between state-of-the-art- infrastructure and a robust curriculum that opens the door to global platforms for our peace loving and problem-solving students. Activities and events related to value education, environment, health education, games and sports, visual and performing arts, culture and heritage, personality development are effectively woven into the main fabric of school curriculum.

Also, parents are the primary educators of children, but as the child starts schooling, we must devote ourselves to shoulder the responsibility together. As Principal, I would like to personally welcome you to our SEM family. We hope that your child's journey with us will surely help in yielding fruitful results and envisage our shared dreams and to dream anew.

"And now let us welcome A NEW WORLD OF LEARNING, full of things that never were." The moment is TODAY...

*"A Spirit with a Vision is a dream
with a Mission"*

OUR VISION

"To be the Pre-eminent centre of learning in the country, we are producing future leaders with global prospective and Indian Ethos. To ensure that our vision meets its motive, each student's course of study is carefully planned and followed. Each term a student progresses at his own pace unimpeded by others. Those with siding qualities are given opportunities to shine and not rust unfurnished, and others lend a helping hand with understanding to reach their potential. Tempering these are the joys of sharing fellowship and fun. The sense of belonging begins in the school and lasts a life time. Every possible effort is made to recognize the significant factors of academic pursuit, maturing experience and enthusiasm to learn. "

OUR MISSION

It is our mission to develop empowered individuals with self-confidence, capacity for critical thinking and discovering with a belief in them and their own capacity to deal with whatever life may bring.

It is our mission to create accountable global citizen – individuals able to contribute to community life, building tolerance and discipline based on understanding.

It is our mission to develop a student with Knowledge, Attitude, Skill, Social and Moral Values which enhance diversity.

We assure you that Samithi School has all the ingredients necessary for a good educational recipe. We hope that this prospectus will give you a glimpse of the happy, successful and easing institution of which we are very proud.
